

NASTY FEELING

You strike me just like lightning, and you leave me with an ach in my heart.

My time it rides a racehorse, and it gallops right across my eyes.

I don't want you forever, Well I only I want a piece of your time.

But you take me and you use me, oh my darling you don't know what you do to my mind.

You do to my mind.

And I don't think I could take it. I really don't think I can fake it.

Your in my heart, your on my mind.

The feeling getting strong I can't shake it, I don't really think I can fake it
what a nasty way to feel inside, to feel inside, to feel inside, to feel inside.

You won't be my lover, and I know you ain't gonna be my friend.

So darling, show some feeling, because your movin' in to kill me again.

Well I saw you on that corner, you were with your new boy waiting to have you for then.

Well I guess I'm gonna surely leave ya baby because our trips they don't really blend,
they don't really blend.

Well honey, well don't you think your gonna wanna see me one more time again, Don't
you think you gonna really gonna love me just one more time again?

Baby, now don't you think you gonna wanna see me just one more time again.
Don't you think you gonna really gonna love me now just one more time like now

Honey, Baby, na, na, na na, na na, na. Oh
