

## THAT'S WHY I LOVE YOU

When I'm lonely, when I'm feelin' blue.  
When I need someone, I think of you.  
You're my lady, my lady true  
And you know just what to do.

Late at night , I call your name,  
To be without you, would drive me insane.  
Your so good, you occupy my mind  
And your so so sweet to me.  
That's why, that's why, I love ya.

Well looky baby, well honey can't you see  
Your never gonna find love  
Quite like me  
Your in my heart, you occupy my mind  
And I tell ya girl, your fine  
That's why, that's why I love ya

Well looky honey  
what's wrong with you?  
Don't you think I'm gonna love you  
Just the way you want me to  
Your in my mind, you occupy my time.  
Well I tell ya girl, your god damn fine.  
That's why, that's why, I love you, yeah, yeah, yeah.

When I am lonely, when I feel blue  
I look around, I look for you.  
Your in my heart, you occupy my time.  
Well I tell ya girl, your god damn fine.  
That's why, that's why I love ya.  
That's why, that's why I love ya. yeah, yeah, yeah, yeah, yeah  
That's why, That's why I love ya.
